**COMPANY PROFILE** 

#### ABOUT US

Communicating Japanese Beauty to the World

**Classic G** was established in 2015 initially as a translation company with a wealth of experiences in working with the medical, pharmaceutical, and aesthetic industries. As the demand for Japan's high quality cosmetic surgery and treatments was rising, Classic G launched *Japan MedNavi* in 2019 to connect Chinese-speaking tourists with local medical beauty clinics.

Meanwhile, Classic G commenced international trading business of beauty and health products. The company partners with local brands and overseas distributors for dedicating the best products to the right markets in a seamless collaboration.

#### **Beauty Products Trading**

We explore unique Japanese "Clean Beauty" brands, i.e. ethically sourced products made without any proven or suspected toxic ingredients. With an understanding of market trends and domain knowledge, we are able to facilitate a smooth and efficient trading process, from document preparations, deal discussions to logistic arrangement.

### **Business Negotiation**with Japanese Brands

Sourcing and purchasing in Japan can be challenging to foreign distributors due to language and cultural barriers. With a solid experience in working as an agent between various local brands and overseas distributing companies, we guarantee to secure a fair deal and terms.

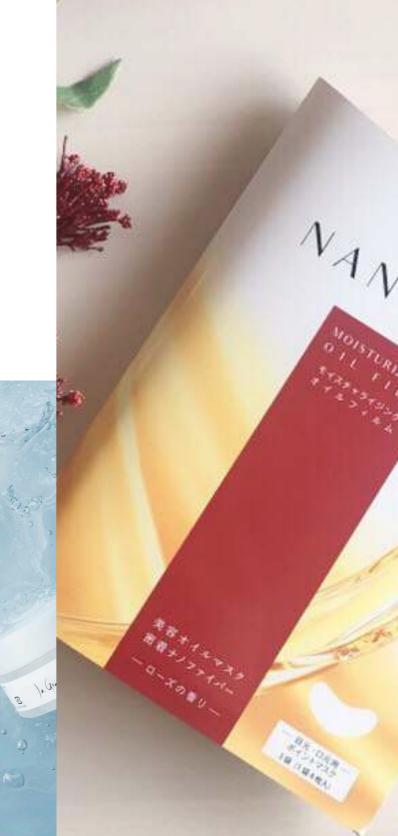

#### **Cosmetic Surgeries Coordination**

Japan MedNavi under the Classic G group specializes in arranging aesthetic treatment booking and collateral services for Chinese-speaking visitors. Services include surgeons matching, pre-operative consultation, communication with the clinics on behalf of clients, real-time interpretation and post-operative care.

Classic G is the exclusive overseas agent for the following brands and products, and the list is growing. Feel free to send us an enquiry regarding distribution in your region.
